PARTYLIGHT STICK

Bluetooth party light stick

Features and Benefits

Take your party to the next level

The JBL PartyLight Stick syncs automatically with the sound and lights of any JBL PartyBox, turning your party into an awesome sensory experience.

360° light direction and powerful effects

Light up any space from every angle with bright LEDs that can fill even a large room with their dazzling synchronized show.

Choreographed Lightshow

Use the JBL PartyBox app to connect multiple JBL PartyLight Sticks. The built-in music detection algorithm will create an even bigger group lightshow—all in less than a minute.

Built-in mic with a music detection algorithm

Even though the JBL PartyLight Stick is designed to pair with PartyBox speakers, you can also use it on its own. Featuring a built-in microphone and a music detection algorithm, the JBL PartyLight Stick automatically identifies and syncs to any music device that's playing.

Match your energy

Set the mood of the moment with adjustable motion, speed, and intensity levels that take the vibe from mellow to medium to peak party excitement.

IPX4 splashproof

Go ahead and move the party from the house to the back yard. JBL PartyLight Stick's IPX4 splashproof rating means it can handle being exposed to water from any direction.

JBL PartyBox app

The JBL PartyBox app puts control of your lightshow's speed, colors, and patterns right at your fingertips.

More immersive lightshow with multiple PartyLight Sticks

For the biggest, most immersive visual experience, get more JBL PartyLight Sticks to sync with your JBL PartyBox.
